N.B.—THE NEW YORK CONSERVATORY, located at No. 5 EAST FOURTEENTH STREET, near 5th Avenue (the first organized and only chartered Conservatory of Music in the State), is entirely separate and distinct from all other music schools which imitate its name and methods.

P. R. MAVERICK, Secretary. S. N. GRISWOLD, President.

NOTE.—In reply to the opposition to class teaching, we beg to state that all important musical institutions in Europe approve of and adopt the method. The class system, when applied by capable instructors, has been found to possess many advantages, being particularly applicable to beginners, causing an amicable rivalry among the pupils, while the rudiments, exercises, etc., else so fatiguing to learn, lose much of their uninviting and wearisome features. Reading at sight, a qualification so necessary to every performer, it assists to a surprising degree. One of the most notable results of class teaching is its radical removal of that deplorable habit, prevalent among so many—the habit of playing out of time. It excites emulation and the ambition of the student to excel, to become a thorough musician instead of a mere performer, and is certain of imparting self-reliance and confidence, two qualities absolutely necessary to complete success.
